Subject: Bears Ears announcement Monday
Date: Friday, June 09, 2017 4:45:30 PM

You are both probably aware of this already, but I was just advised that there will be an announcement on Bears Ears Monday, not today as I had anticipated. Further advised that Sec. Zinke discussed this with Sec. Perdue while they were returning from the Fire Center, including a map, and that Sec. Perdue is on board with what Sec. Zinke is proposing.

I had a good conversation with Dan Jiron and Jennifer Eberlien yesterday and will be keeping them fully in the loop as well.
